Mint Condition

Leave-in conditioners are a perfect investment to keep her strands pristine.

Whatever her tress type, a leave-in conditioner offers plenty of payoffs. Clients with fine or thin locks can skip heavier in-shower conditioners in favor of a leave-in's detangling and body-boosting benefits, while thirsty medium to coarse manes drink up an added shot of moisture. And perks like thermal protection, frizz fighting, color defense and enhanced shine aid all textures. Here are some of our favorites.
